<i>If available, the following data would be useful:</i>			
17. Number of new manufactured homes installed since last report			
18. Number of other new 1 - 4 family buildings constructed since last report			
19. Number of all other buildings constructed/installed since last report			
Notes: Lines 1–8 deal with “buildings.” Section 301 has more information about what qualifies as “buildings” and how they are counted for CRS purposes. Numbers in column A are for the Special Flood Hazard Area. If the community also regulates floodplain development outside the SFHA, Column B is completed (and the community may deserve credit under Activity 410 (Flood Hazard Mapping)). The data in Column C help relate what happens in the floodplain to what is happening in the rest of the community.
